

MABasic 200

The introduction into the world of BDS Maschinen.

The advantages of the MABasic 200

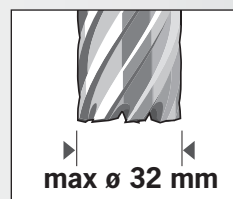

- > 900 Watt motor
- > 1-stage gear unit
- > Core drilling from 12 mm to 32 mm – cutting depth 30 mm and 55 mm

SPECIFICATION

	Motor output:	900 Watt
	Voltage:	230 V AC, 50-60 Hz
	Stroke:	160 mm
	Swivel Base, adjustment feature:	–
	Magnet size:	84 x 168 x 41.5 mm
	Weight:	12 kg
	Direct arbor:	19 mm Weldon $\frac{3}{4}$ "
	Industrial arbor:	–
	Quick change drill chuck system:	–
	Morse taper:	–
	Speed range 1:	450 min ⁻¹
	Speed range 2:	–
	Speed range 3:	–
	Speed range 4:	–
	Permanent internal lubrication:	✓

	Friction clutch:	–
	Torque control:	–
	Full wave control electronics:	–
	Magnet indicator:	–
	Overheating protection:	–
	CW/CCW rotation:	–
	Core drill short 30 mm:	12 – 32 mm
	Core drill long 55 mm:	12 – 32 mm
	Core drill extra-long 110 mm:	–
	Twist drilling:	≤ ø 13 mm
	Reaming:	–
	Countersinking:	–
	Thread cutting:	–

Core drills ø 12 – 32 mm

Twist drills up to ø 13 mm

The practical carry case

ORDER NO.

MABasic 200 / 230 Volt

MABasic 200 / 110 Volt

SCOPE OF DELIVERY

- | | |
|-----------------------------------|-----------------------------------|
| 1 Magnetic core drilling machine | 1 Hexagon Offset screwdriver SW 4 |
| 1 Ejector pin ZAK 075 | 1 Operating manual |
| 1 Cutting oil pump bottle ZKP 100 | |
| 1 Plastic carry case | |
| 1 Safety lashing strap | |
