Launching
The Allrounder
MAB 465

Max. Core Drilling	40 mm diameter
Max. Cutting Depth	55 mm
Max. Thread Cutting	M 20
Max. Twist Drilling	16 mm diameter

Motor Output	1150 Watts
Voltage	230 V or 110 V
Stroke	160 mm
Magnet size	84 X 168 X 41.5
Weight	13 Kg.

Speed 1.	50 - 250 min-1
Speed 2.	100 - 450 min-1
Left-/Right Rotation	Yes

Internal Lubrication	Yes
Variable Speed	Yes
Magnet Indicator	Yes
Overheat Protection	Yes

MAB 465
Magnetic Drilling Machine

BDS Maschinen GmbH - Germany, today launches its brand new MAB 465 Magnetic Drilling + Tapping Machine in an economical price range. The MAB 465 is equipped with a direct arbor & without a morse taper unlike, the KEYLESS drill chuck and morse tapers in our ProfiPLUS models, making the MAB 465 more simple but sophisticated.

The MAB 465 is equipped with a powerful German make motor, robust body, magnet indicator, overheat protection, internal cabling, etc. The MAB 465 is completely designed, developed and made in Germany in-house at BDS Maschinen, Mönchengladbach.
